## eHR with Cyber Security A Booster in Medical Tourism Industry

Catherine Wong  
Founder & CEO of Connect APAC Co. Ltd

# Global Medical Tourism Market Size & Opportunities Ahead

**“14–16 million people travelled to seek healthcare in 2017 and this number is expected to grow”**  
*- published by American Journal of Medicine*

**“The multi-billion dollar industry is projected to increase by up to 20% per year over the next 10 years”**  
*- according to Patient Without Borders*

# Why Medical Tourism On The Rise?

## Personal Choices

- Seek out trusted healthcare providers
- Hybrid Trip - healthcare & holiday tour

## Market Forces

- Better price performance
- Lower cost of travel i.e. airfare
- Higher public awareness of medical tourism
- Higher adoption of eCommerce

Better Quality of Living & Longevity

# How Cyber Security and eHR boost Medical Tourism?

## Availability of Cyber Security Solutions – network and user applications & devices protection

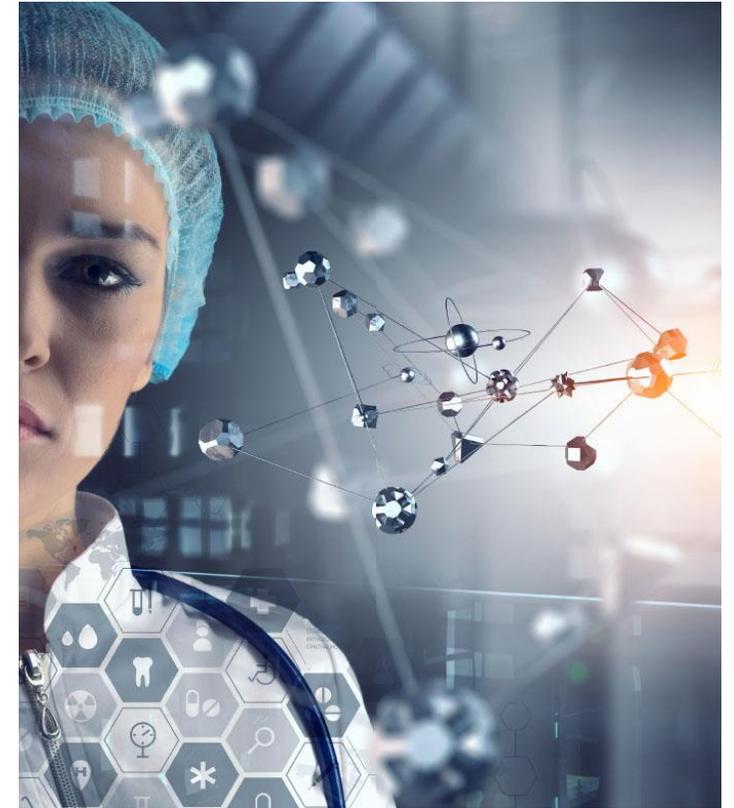

- Online transactions via eCommerce platform today are well protected

## Enhance Interoperability Beyond the Nations

- Minimize medical errors and remove data flow bottlenecks to allow information flows securely

## Enhance Communications - between Patients and Healthcare Providers

- Patient's personal medical information can be accessed globally to ensure safe treatment and easy
